

Testimonials

Dear Larry Johnson & Crew,

We would just like to thank you for the wonderful job you did on our windows, this past week. We are very particular about our home and when you find a company that will come in and treat it as their own, we appreciate it. We have had several bad experiences with companies that don't do quality work. But I must say, that all 3 of you, Larry, Michael and Ryan were top notch.

We were very happy that you took down and REPLACED the window shades and valances. Again, just goes to show the quality of craftsmanship you put out.

We will highly recommend you to friends and family, just as we learned about you through our neighbor, Jerry Demus.

So thanks again for a job well done! You can be proud of the quality of work that you put out.

Les & Kathy Barnes

Dear Larry,

I just wanted to thank you for your excellent work replacing our window with the sliding French door. I am very impressed by your company and the quality of workmanship. Your workers were courteous, helpful, and knowledgeable. I appreciate their attention to detail and keeping a clean workplace. They were thorough and hard workers.

I'm happy with the quality of the door, and we're enjoying a walk out bedroom.

Thank you for your willingness to take on our small job. For just a company out of the yellow pages, I feel like I really scored! I would recommend you to anyone I knew.

Thanks again, Cynthia Marlette

Larry,

Thanks for the great job on our Condo door and windows. I checked them out on Friday night and could not believe how much warmer our unit was with the heat at the same setting. Going with the large picture window was a good idea. It lets a lot more light in, plus the view is better. If I hear of anyone needing doors or windows, I'll be sure to send them your way.

Thanks Again,

Sam Schlieder

Larry Mike & Mike

I thank you so much for the wonderful job you did for me. My renters are very pleased with your work!! If given the opportunity I will definitely send business your way.

Thanks ,

Mary Greenland
